Hi David,

Tim is scheduled to be out of the office next week on Thursday and Friday, but wanted me to let you know that if it would work out, he'd be willing to travel to S.F. on either of those mornings to meet with you and Jared. Might either of those days work for you two?

Thanks,  
Heidi

Hi Tim,

Jared is looking to have this meeting sooner. Any chance of making this Thurs? I know that is short notice (and I think you are in SF today?), Anyway, let me know if Thursday is a possibility, and if not we will scope out something in the next couple weeks. Jared is interested in a presentation (if possible) of what DOGGR does (mission, authority, role, etc), information about the organization, and then he'd like to discuss the University Park (AllenCo) site specifically and urban LA oil and gas issues generally. Probably a one hour meeting with Jared, but it would be good to talk separately about UIC and aquifer exemption issues as well, if you could spare some additional time.

Thanks,

David

Hi Tim,

Nov 19/20 does not look doable for Jared. I'm trying to get a read as to whether he needs to do this sooner, or it can push to Dec. Thanks, David
